

Friends of NESMS

Dear Friend

It is good to report that NESMS is back to normal, in excellent heart and indeed flourishing, following the disruption of Covid. To date, there are 250 students on the School list and an encouraging number of new students applying for Scholarships.

Over the years the Friends have supported the work of the School financially through annual subscriptions. Social events organised have been varied and most enjoyable, with opportunity to meet with fellow Friends, and also further increase financial support to the School. Our annual donation presented to the School at the Scholarship Concert organised by the Friends, has been very much appreciated.

If however, we are to continue, and this would certainly be our wish, particularly with the 50th anniversary of the School approaching, it is vital that we have Friends, existing and new, willing to come on board to join the committee so to continue the work of supporting this unique and well respected School.

To discuss this matter you are invited to a meeting at 21 Huntly Street on Saturday 23rd September at 10.30am. Coffee will be served from 10am. Please confirm attendance by contacting the NESMS office

Many thanks
Kathleen Haw
